

STUDENT QUALITY CIRCLESObjectives of Quality circle

- To improve students communication skills through teaching
- To promote peer teaching
- To overcome class room inhibition in students
- To enhance subject knowledge

Needs identified

- To overcome teacher phobia
- To provide better understanding of subject
- to establish better rapport and competitive spirit among students
- To span the gulf between slow and fast learners

Practice:

The class is divided into circles and students leaders are identified subject wise. They are made to share knowledge with their peers under the guidance and supervision of faculty. The student teachers discuss subject in their respective classes and clarify doubts. The problems of slow learners are diagnosed and appropriate solutions are suggested by peers in consultation with the faculty. Tips for easier understanding and better memory also the slow learners are suggested also these study circles provide an opportunity for students to practice teaching and develop it into a career option. The practice will eliminate complex among students and inculcate of friendliness and cooperation.
